Election/Restriction

- 1. Amended claims 1-2, 9-12, and 14-16 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: They two inventions are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. The current claims describe intermingling portions of a single source operand and zeroes, whereas the original claims (and subsequent claims prior to the current amendment) describe intermingling two source operands. These ideas have separate utility in that the former is used for unpacking data. See page 6, lines 3-6, of applicant's remarks filed on March 7, 2005, and also see Fig.6K, Fig.6L, and page 27 of the specification (UNPKHU4 and UNPKLU4). The latter idea (original claims) is used for packing data. See page 17 (second full paragraph) of applicant's remarks filed on March 8, 2004, and also see Fig. 6G, Fig. 6I, and page 26 of the specification (PACKH4 and PACKL4). Clearly, packing and unpacking data are two distinct concepts which also require a distinct search. Furthermore, one of ordinary skill in the art would have recognized that the unpacking of data is not limited to only unpacking data that has been packed or data that has been packed by the disclosed pack operations. Instead, any operand may be unpacked, and therefore, unpacking is not required for packing.
- 2. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-2, 9-12, and 14-16 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Art Unit: 2183

- The amendment filed on March 7, 2005, presenting only claims drawn to a non-elected invention, is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because of the reasons set forth above
- 4. Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
